

UBC Okanagan IEEE Student Branch
2011-2012 AGM Minutes -

Members in attendance:

executive

Devyn, Emily, Miguel, Brandon, Naomi, André, Johnathan, Erin,

Huge turn out!

We bought enough food for ~70 people and quickly ran out. No official count was made, but estimates of 70-80 people were made.

Members from industry were present as well as many faculty members, graduate and undergraduate students.

The Microprocessor group was on hand to demonstrate their final projects (songs programmed in the Engenuics project boards using PWM) and industry representatives Walter Shawlee and Charlie Milazzo of Sphere Research Corporation and Arrow electronics respectively judged the performance. Dave (last name?) was selected as the winner for his rendition of the star wars theme.

Thank-you gifts were presented to industry sponsors (Walter Shawlee), faculty supporters (including Dr. Thomas Johnson, Dr. Johnathan Holzman, Dr. Julian Cheng) as well as graduate and undergraduate students (Nikolai Kummer, Brandon Born, Hadi Firouzzi) who kindly donated their time to give workshops throughout the year.

Executive elections were held near the end of the evening and the results were all unanimous and as follows:

IEEE Student Branch Executive 2012-2013

Chair: Devyn Farr

Vice-Chair: Brandon Born

Secretary: David Xu

MLRC Director: Chris Zheng

MARS Director: Naomi Fredeen

MPG Director: Nicholas Kroeker

Webmaster: Nicholas Kroeker

Executive voting positions unfilled at this time:

Treasurer
